RACE

Small powerhouse with a long service life

The **intAct Bike-Power Lithium** motorcycle batteries offer premium performance for every motorcycle, whether **standard or custom bike.** With just 12 types, this series covers almost every need. The **LiFePO4 lithium technology** saves up to 75% in weight compared to conventional batteries and delivers **highest starting currents** despite its compact size. **Thanks to** low self-discharge **and** fast recharging**, these batteries offer exceptional performance. The integrated** BMS (battery management system) with balancing** ensures a long service life.

Advantages at a glance:

- **Up to 75% weight saving**
- **Low self-discharge** and fast charging
- **Almost 100% usable capacity**
- **Battery management** with balancing
- **LED indicator** for checking the charge status
- **Adhesive adapter pads** to adapt to any battery compartment
