

DATASHEET

RANGE: SHD PRO

TYPE NAME: TEX2254SHD

PERFORMANCES*:

Voltage: 12V

Capacity: 225Ah (20h)

C. Cranking (EN): 1300 A

Vibration (EN): V2

Duration (EN): E1

Self-discharge: 12 months

(from the date of production, at 25 degrees)

*According to standard EN 50342

INTERNAL CONSTRUCTION:

Technology: Punched, with regular surface

Alloy: Calcium

Separator: PE envelope

Total weight: 54,6kg

Acid: inside the battery

Origin: Europe

CONFIGURATION:

Size: 514 x 276 x 242 mm (C)

Polarity: 3

Terminal: 1 (taper)

Holddown: B0

Ventilation: central

Maintenance: not required (SMF)

COMPONENTS:

Box: PP/black

Lid: Flat, PP/black

Plugs: Screw, PP/black

Handles: on container, rope/black

RECOMMENDATION:

STORAGE

Check voltage every 6 months.

Avoid exposure to sub-zero temperatures

Use automatic chargers with constant voltage

RECHARGE
